

We are going into spring and warmer, muddier, messier weather! I think we are all looking forward to the season of change! Vaccines are slowly rolling out and flu season is coming to an end. Hopefully before we know it this whole pandemic will be nothing but a memory of all the quality time we spent with the people in our households!

Thank you all for all your patience as we dealt with our surprise underground spring this last little bit! The yard is quite muddy now but we will lay sod ASAP! Muddy buddies and boots are ideal for our yard for a while.

As always, please be sure to send your children with appropriate outside wear, along with LABELING ALL ITEMS.

We have a label tag fundraiser through <https://www.emilypress.com/> they work on everything from containers, gloves, t shirts, rain pants etc...

We know it is frustrating when your child cannot attend when they have a cold or any symptoms but we ask you to please have back up care arranged and to keep your child home if they are showing any symptoms. WE APPRECIATE YOU FOR DOING THIS and stopping the spread!! We are almost through this 😊

Children must be symptom free for 24hours before returning.

Please make sure your child has plenty of food and healthy choices daily! Our little guys are busy exploring and need healthy foods to fuel their busy bodies!

We have been busy with all sorts of sensory bins, water play, play dough, baking, walks, biking, pikler climbs and as of late some sunny picnics! Not to mention some mud baths 😊

A magical leprechaun left some surprises around the yard for the children-what a hoot they had! We are hoping the Easter bunny makes an early round too!

We will be closed on Easter Friday and Monday- We hope you enjoy this time with your family and the beautiful weather we will be sure to have!

We THANK YOU for keeping us all healthy as a community as we stay strong and healthy together.

*Our bubble is your bubble, we do not social distance from your children- we hug them and love them. *Be Mindful**
